Patric Pop

Nationality: Romanian **Date of birth:** 01/03/2004 **Place of birth:** Arad, Romania

Phone number: (+40) 0745235833 **Email address:** patric.pop13@gmail.com

Home: Grigore T. Popa, 26A, ap. 1, 300291 Timisoara (Romania)

ABOUT ME

Ambitious and dedicated Computer Automation student entering the third year of university, with strong skills in discipline, resilience, and collaboration. Passionate about problem-solving and innovative technologies, I stay calm under pressure and thrive in challenging environments. Highly motivated and committed to continuous learning, I strive to deliver excellence and create meaningful impact in every opportunity I pursue.

WORK EXPERIENCE

HiByte – Timișoara, Romania

City: Timișoara | Country: Romania

Intern

- Contributed to the development of a full-stack web application, working across both backend and frontend components.
- Gained hands-on experience with the Spring Boot framework for backend development and Angular for frontend implementation.
- Used PostgreSQL for database management and explored Docker for containerization.
- Collaborated effectively within a development team, strengthening communication and teamwork skills in an Agile environment.
- Enhanced understanding of JavaScript, focusing on integrating dynamic functionality in the user interface.

EDUCATION AND TRAINING

Highschool Diploma

Liceul Național Preparandia "Dimitrie Tichindeal" Arad [10/09/2019 – 13/06/2023]

City: Arad | Country: Romania

Bachelor's Degree

Universitatea Politehnica Timișoara - Facultatea de Automatică și Calculatoare [01/10/2023 – Current]

City: Timișoara | Country: Romania

LANGUAGE SKILLS

Mother tongue(s): Romanian

Other language(s):

English

LISTENING C1 READING C1 WRITING C1

SPOKEN PRODUCTION C1 SPOKEN INTERACTION C1

German

LISTENING A1 READING A1 WRITING A1

SPOKEN PRODUCTION A1 SPOKEN INTERACTION A1

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

SKILLS

Personality

Creative / Teamwork / Attention to details / Open-minded / Problem solving / Eager to learn / Works good under pressure / Can communicate effectively

Programming and software development

C / C++ / Java / White-Box testing / Git / Agile / Springboot / Black-box testing / Angular / Backend development / Software engineering / SQL / HTML / CSS

PROJECTS

AI stock prediction Created a hybrid ML pipeline feeding historical data and sentiment scores into a neural network. Includes smart caching to optimize API usage. I used pytorch and tensor flow in order to work as efficient as possible with machine learning

Echoes: Digital Heritage Trail Cultural heritage sites lack engaging, accessible digital narratives. Built a 'Fog of War' engine that unlocks media only within a 50m physical radius. A location-based platform where historical narratives are 'echoed' to the user via geofencing. Used: React • Node.js • Graph Algorithms
