ABOUT ME

Ambitious and dedicated Computer Automation student entering the third year of university, with strong skills in discipline, resilience, and collaboration. Passionate about problem-solving and innovative technologies, I stay calm under pressure and thrive in challenging environments. Highly motivated and committed to continuous learning, I strive to deliver excellence and create meaningful impact in every opportunity I pursue.

WORK EXPERIENCE

🏢 *HiByte* – Timișoara, Romania

City: Timișoara | **Country:** Romania

Intern

- Contributed to the development of a full-stack web application, working across both backend and frontend components.
- Gained hands-on experience with the Spring Boot framework for backend development and Angular for frontend implementation.
- Used PostgreSQL for database management and explored Docker for containerization.
- Collaborated effectively within a development team, strengthening communication and teamwork skills in an Agile environment.
- Enhanced understanding of JavaScript, focusing on integrating dynamic functionality in the user interface.
